

North Atlantic Industries Receives Gold Boeing Performance Excellence Award

North Atlantic Industries (NAI) is pleased to announce that it has received a 2009 Boeing Performance Excellence Award. The Boeing Company issues the award annually to recognize suppliers who have achieved superior performance. NAI maintained a Gold composite performance rating for each month of the 12-month performance period, from October 1, 2008 to September 30, 2009.

This year, Boeing recognized 486 suppliers who achieved either a Gold or Silver level Boeing Performance Excellence Award. NAI is one of only 128 suppliers to receive the Gold level of recognition.

“North Atlantic Industries is committed to relentlessly providing the highest level of performance and service to our customers,” said Larry Rubin, General Manager at NAI. “It is rewarding to see that the hard work and dedication by our team is being recognized by a world class company such as Boeing. It is through all of the core values of our company - teamwork, innovation, continuous learning and an uncompromising focus on quality - that we operate our business on a daily basis. Our core values keep our team focused on our customers, and positions NAI to be a leader in our Industry.”

NAI supplies embedded I/O and rugged power supply solutions to Boeing for both defense and commercial aerospace applications.
